Section 4: Prepare Program Information

Brief Description of the Prepare Program:

PREPARE is a research-based program that is designed to help you build a stronger and happier marriage. Participation in the Prepare program requires that you and your partner complete a couple inventory which will identify your strengths as a couple and areas of growth in a variety of areas (e.g., communication, conflict resolution, personality issues, financial management, children & parenting, family & friends, expectations, family-of-origin experiences). Each inventory is customized based on the couple's background and interest. The Prepare program will consist of six 1.5 - 2-hour sessions where we will focus on (1) your strengths/growing areas; (2) communication; (3) managing conflict; (4) family life experiences; (5) financial plans and budget; and (6) setting goals.

To help us match you with the right inventory, please answer the following questions:

- Q2.** Do you and your partner currently live together? Yes No
- Q3.** Have you or your partner been married before? Yes No
- Q4.** Do you or your partner have any children together? Yes No
- Q5.** Do you or your partner have any children from a prior relationship? Yes No
- Q6a.** Do you have access to a computer with internet access? Yes No
- Q6b.** Does your partner have access to a computer with internet access? Yes No

Thank you for this information.

Please email (aspire@uga.edu) your completed form.
